# T8 LED Tubes

## Welcome to the eZ-series

The next generation of our LED lighting T8 retrofit solutions - offering the industry-leading lighting performance that you currently enjoy from Axlen T8 tubes ...but with a reduced installation time of over 75% into existing troffers.

- No need to rewire or pre-kit tombstones
- Perfect fit with existing tombstones in troffer
- Straight forward wiring to input AC
- Simple and safe connectivity
- Full industry compliance: UL/cUL, FCC, CE, DLC, LM79, LM80 LEDs
- CA Title 24 compliant with full 0-10V dimming control
- US Patent Pending

**Fully dimmable T8 LED eZ-retrofit kits -reducing installation times by over 75%.**  
**You won't believe just how easily they can be installed (click to view demo):**
